

Weekly rides

- daylight ride is moved to Sundays at 1:30, Tussey Forestry Parking lot, same as the Wednesday evening rides have been, starting 9/22/02. Weekly Wednesday night rides are being moved to the Greenbriar entrance to the Scotia gamelands, meeting at 7:00 for a nite ride, lights will be necessary. These start 9/18/02.

IMBA Trail care weekend

- The Thursday meeting at the Bicycle shop for the slide show presentation was discussed - 8p. The Sunday trail work was also discussed. Kevin is to contact Frank to see if PSU outing club can be invited to the presentation.

NY epic exchange weekend

- The timing of the two rides were discussed in relation to the running race being held on Saturday as well as the opening of archery season. Tentatively the group of unknown size will be camping at Greenwood state park and doing the R3 IMBA epic on Saturday and a ride similar to the advanced group ride at Greenwood on Sunday. Bill McFadden has been the contact person so far, so any one interested in helping / participating talk to Bill or state tuned on the form section of the web site.

Future Trail work days

- October 20th is the next work day, tentatively set to work on the Tussey mtn bench cut from the extension back to the gas line depending on how things go with the IMBA trail care crew this weekend.

Treasury Report

- We have some money, which is a new thing for us. No major expenditures at this point.

Multiclub Group ride

- We have a final multi club group ride scheduled for Sunday November 3rd. This will take place on the Tussey side of the Rothrock state forest. Details to follow.

Moshanon State Forest/PSU outing club

- The club's future relationship with these two organizations were discussed due to the fact that we have found out a sweet piece of single track that the PSU outing club originally built in the Moshanon state forest is and always has been off limits to mountain bikers. Kevin Bergman will be spearheading the effort to develop a relationship with both organizations in order to gain access to that trail as well as become a resource to the Moshanon state forest.

NMBA clothing

- Mike has not heard back from the sock guy, Don is going to follow up.
