

Meeting was held at Mount Nittany Wheelworks from 8pm to approximately 10pm.

## Notes

- Previously used NMBA information cards will be reexamined and reprinted as a method to foster increased awareness about the organization.
- James Malta has volunteered to be Raymond Crew's alternate for future CRBC meetings. It was discussed that perhaps local boyscout troupes might be able to be involved in helping with trail maintenance and care activities such as keeping kiosks up to date.
- Rodney Korte has made the Trailwork Log now dynamic. Anyone who has trailwork time to report should log into the NMBA site and record their work accordingly. Please note that an additional field of "hours traveled" will be added to the log. This field should include only your driving time to and from your destination.
- NMBA members have agreed to temporarily table topics discussed in the meeting regarding treasury duties and handling of new memberships as well as further CRBC discussion. This information will be reported quarterly.

## Upcoming Events

- Subaru/NMBA Trail Care Workshop in Raystown (Oct 5th - Oct 8th)
- Black Moshanon ride to be scheduled for the last week of October. Costumes are encouraged.
- State College Borough Community Resources Fair (Sept 27th from 4p.m. to 8p.m.). For more information please visit: <http://pa-statecollege.civicplus.com/CurrentEvents.asp?EID=421>

## Action Items

- NMBA members will work together to develop and define NMBA directorate infrastructure along with all individual officer responsibilities. Possible team-leading roles shall include: President, Secretary, Treasurer, Trail Coordinator, and Membership Coordinator. Voting for officers to fill said positions shall take place by vote during the course of either the October or November group meeting.
- Frank Maguire to write short articles for the website addressing the following topics:
  1. Trail blaze color definitions
  2. (perhaps also - as an idea) a short article defining public usage differences between state forests, state game lands, natural areas, and wild areas.
- Rodney Korte to update the NMBA website, including, but not limited to:
  1. The update and addition of a new "hours traveled" (or a facsimile thereof) field in the log.
  2. With the help of NMBA members, update content within the "Join the NMBA" and "About the NMBA" sections of the website.

## Administrative Notes

- Next month's meeting location has not yet been determined.
