

NMBA member meeting

June 15, 2015

Fund Raising

- Center Gives raised about \$3,400
- Pretty good return so far on raffle ticket mailings. Lots of people sent in tickets and paid membership fees. Matt working to update active member list. *Raffle tickets are still for sale!!!* If you are going to an event where you can sell some, talk to Neil or Matt. Drawing for bike is September 20, 2015.

Trail update

Croyle: DCNR and Applied Trails Research are scheduled to begin work in August. Jeremy has already flagged the new trail and focus areas. We anticipate that work will be completed by fall. Still waiting on some information about permits before the build/rehab timing can be planned.

If DCNR has any additional time remaining with Jeremy's assistance and the mini-excavator rental, effort will be spent at the bottom of New Laurel

Trail work: NMBA trail work day scheduled for July 18

1. Tussey Ridge brush cutting
2. Finish Musser Gap work
3. Reroute the bottom of Tuxedo (entry on to Bear Meadows Road)

Need to get status update on Greenwood Furnace trail work (old ski trails)

Group Ride: July 11, location TBD. Idea proposed to ride and festivate with BMBA and ride at Bald Eagle

2016 Dream Bike Raffle: Need to iron out details of where we want to target funds if we do the Dream Bike Raffle. Costs for advertising in DirtRag = \$4000 for full page, color; \$2300 half page, color.

1. Greenlee Ridge trail may be overambitious based on Aaron's preliminary scouting. "It would be the most technical trail in Rothrock." (A. Hofelt, Pers. comm.)
2. ??? Musser Gap to Old Shingletown???

**Look for an announcement for WOODS WALK DAY to scout potential trail corridors! Date TBD

IMBA membership renewal due. Less than 100 members = \$100; more than 100 members = \$500. Matt will review the number of paid members to see where we fall out. Board will decide if IMBA membership is worth the expense.
